Federal Emergency Management Agency

Washington, D.C. 20472

SEP 16 1998

LETTER OF MAP AMENDMENT
218-70-O

IN REPLY REFER TO CASE NO.: 98-05-6276A

Community: City of Rochester,
Olmsted County, Minnesota
Community No.: 275246
Map Panel Affected: Olmsted County, Minnesota and Incorporated Areas
Number: 27109C0164 E
Map Effective Date: February 4, 1998

We reviewed a request dated August 17, 1998, for a Letter of Map Amendment (LOMA). All required information for this request was received on September 10, 1998. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we determined that the property described below is not located in the Special Flood Hazard Area (SFHA), an area that would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood).

Property Description:	Lot 7, Block 11 Subdivision, Homestead Addition, as described and recorded in Warranty Deed Document No. 64670, Book 72, Page 235, File 144, by the Olmsted County Registrar of Titles' Office on July 15, 1993
Street Address:	802 13th Avenue SE
Flooding Source:	Bear Creek

The property is correctly shown outside the SFHA on the above-referenced NFIP map. The property is located in Zone X (unshaded). Flood insurance coverage for the structure may be available under a low-cost policy (see enclosed document).

If the policy has been written using an incorrect zone, it can be endorsed to correct the zone for the current policy year and one prior policy term. You should contact your insurance agent or company to request endorsement of the policy.

Additional information about LOMAs is enclosed. If you have any questions about this letter, please contact Ms. Helen Cohn of our staff in Washington, D.C., either by telephone at (202) 646-3457 or by facsimile at (202) 646-4596.

Sincerely,

Matthew B. Miller
