Ref. Pipe W 172.01'
Ref. Pipe ENE 75.92'
This corner is located by GPS reference stations "MCS I & II"

Corner History:

Gov't note: Set post and limerock (no size). Made mound, dug pits and trench. Topo map shows corner area high, level and corner of 4 farms.

5-30-2001 County Surveyor dug to cover lost position and lines of fences that were there before land was all common ownership. Found wire running South (5 strands 8" below surface). Found large post hole with wood pieces with stone 2"x7"x12" lying flat beside post hole bottom. The bottom of the post hole is 3' deep. Found nothing further. Set cast iron cap on telspar pipe at post hole location.
