Corner History:

10-1853 Gov't Notes: John Ball, Deputy Surveyor. North between sections 25 and 30. 40.00 chs. Set quarter section post. Blk. Oak 12 in. N11°W 154 lks. Burr Oak 10 in. S8°E 250 lks.

4-1878 Thomas Hunter (Book A P.336 No.330), County Surveyor, states: "at N (E.1/4-Cor. 25) Found S.E. Witness tree standing, also the stump of the N.W. tree and on digging in ground at the point indicated by the field notes, we found the remains of the old stake in the ground, near corner of rail fence. -- Set new stake." He used this corner to set the 1/16th North, the 1/16th South, the 1/16th West, the Center 25, and the 1/16th West of the Center 25.

11-1894 William Fraser (Book A P.559 No.514), County Surveyor, "at D (E. 1/4-Cor. 25) Mr. J.McCully said that he put the corner post of fence in place of stake as put by T.Hunter. We found the remains of stump of the N.W.B.T. which was almost gone and tested said post and found it correct, left as found." He found Hunter's stake at the 1/16th North midway and on line and set a stake at the 1/16th East (no measure).

6-1973 County Surveyor accepted the corner post to fences West and South as the corner. The post came at Hunter's prorated location (and also on line) from the NE- Cor.25 to the S.E. Cor.25 and very near Hunter's measure from the N-S-1/4 line of Section 25.

1973 McGhie and Betts set a pipe along side the corner post as the corner at the County Surveyor's instruction.

10-16-1978 County Surveyor set a Cast Iron Cap on a square pipe driven over the pipe set by McGhie and Betts as the corner.

2-11-2011 County survey crew found cast iron cap on square pipe in good condition
