Certificate of Location of Government Corner

ID#: 613505 **Description:** S SEC COR 34 35 61 **Date Set:** 11/8/1979 **County:** Olmsted

Section: 35 **Township:** 106N **Range:** 11W **Monument Description:** Cast Iron Monument

Reference Ties:

The corner falls 2' east of centerline of twp road south and 9½' north of centerline of E-W twp road
This corner is located by GPS reference stations "Pedersen & Olive"

Corner History:

9-1853 Gov't Notes, John Ball, Deputy Surveyor West between sections 2 and 35. 80.00 chs. Set post for corner to sections 2,3,34&35 Burr Oak 10 in. S81°E 258 links Burr Oak 10 in. N38°E 462 links Burr Oak 12 in. N12°W 331 links Burr Oak 5 in. S12°W 158 links

11-1891 Thomas Fraser, County Surveyor, (Bk. A, P. 462, No. 446 and Old Field Bk. 8, Page 1) "Could not find this corner though we searched extensively for it. It was in a hollow and had been filled some 3 or 4 feet. The corner was seen when it was covered by the grading and had been marked and covered but that was some 25 years before."

4-1892 Thomas Fraser, County Surveyor, (Addition to Bk. A, P. 462, No. 446 and Old Field Bk. 8, P. 20) "This corner was gone. We searched and dug high and low for it spending several hours but could find nothing except that the old stake had been covered 30 years before in grading up a hole that was here." He set a stake not marked on line from the N. ¼ Cor. 2 to N. Sec. Cor. 3-4 and at prorated Gov't measure. (He could not find the N. ¼ Cor. 3) He also set a stone at ¼ Cor. 2-3 on line and at prorated Gov't measure between the corner as set and Sec. Cor. 2-3-10-11.

9-1975 County Surveyor dug 11' deep at this corner with the backhoe but could not get deep enough. Also dug for and found the N. ¼ Cor. 2 Dug at ¼ Cor. 2-3 and found a long stone in the road fill and the mark where it had stood in the clay beneath the fill--set stone back over the mark.

11-8-1979 County Surveyor set a C.I.M. over a ½"x19" rod on the line and at prorated Gov't measure from the N. ¼ Cor. 2 to N. Sec. Cor. 3-4 as per Thomas Fraser's survey. This location is also on the line from Sec. Cor. 2-3-10-11 (found 1975) over the stone found and placed over the mark at ¼ Cor. 2-3 in 1975. We also dug at the N. ¼ Cor. 3 but did not find anything.

7-22-1998 County Surveyor found CIM in good condition 9" deep on North edge of E-W twp Rd. (60th st. SE)
