County Survey Disk in N side PP #8151 ENE 46.23'
County Survey Disk in N side CP W 34.90'
This corner is located by GPS measurement

Corner History:

6-1854 Gov't Notes M.G. Karrick, Deputy Surveyor North between 11 and 12. 40.00 chs. Set quarter section post. Burr Oak 20 in. S15°E 283 lks. Dug trench.

8-1856 Thomas Hunter, County Surveyor, (Book A P.15 No.23) used this corner to set the 1/16th East and the 1/16th South. He also measured West to the Center 11.

12-1856 T. Hunter (Book A P.40 No.62) set the 1/16th South of the Center 12.

6-1870 Robert Perry, County Surveyor, (Book A P.119 No.154) found a post averred by several old settlers as the corner location. Set the 1/16th East midway and on line to a stake found at the Center 12 and avered to be the Center 12.

6-1870 Robert Perry (Book A P.124 No. 158-Correction of Survey no.154) reset the Center 12 at the intersection of the E-W 1/4 line and the line from the N. 1/4 Cor. 12 to the 1/16th South of the Center 12 which he located from the bearing trees of Survey No. 62. He then corrected the 1/16th West of the Center 12 set in Survey No. 154.

5-3-1978 County Surveyor dug with the backhoe at a 1/2" rod found in the center of the road. Dug 4' deep to natural soil but then hit frost so closed the hole.

5-5-1978 County Surveyor dug again. Found fence wire and a boulder over a post stub about 1' long.

5-8-1978 County Surveyor set a C.I.M. over a 1/2"x24" rod over the post stub found. The corner is 5.3 South and 1.8 East of the iron found at the road surface. The corner is in line with the fence West and 3' South of the fence line East & 2' East of the centerline N-S road.

10-23-2000 County Surveyor found CIM down 0.6' in good condition.
