Certificate of Location of Government Corner

ID#: 943404 **Description:** S 1/4 SEC COR 34 94 **Date Set:** **County:** Wabasha

Section: 34 **Township:** 109N **Range:** 14W **Monument Description:** The corner falls in Lake Zumbro

Reference Ties:

Corner History:

1855 Original Public Land Survey notes state a post was set at 40 chains from the Southeast corner of Section 34 T.109 R.14 and referenced two bearing trees. A 10 inch Elm N20W at 150 links and a 10 inch Burr Oak at 50 links.

1916 Rochester Power Dam survey indicated finding a stone at the corner location at a distance of 657.00 feet west of the Northeast corner of Section 3 T.108 R.14.

12-2001 During their Mazeppa Township Remonumentation Project, Johnson & Scofield, Inc. confirmed that this corner fell in Zumbro Lake. A mathematical position was established by reconstructing and analyzing Wabasha and Olmsted County field measurements and record data. That mathematical position was accepted as the best perpetuation of the Original Public Land Survey corner. Also recovered was a monument at the East 16th corner of the Southwest Quarter of Section 34 which was considered as being on the north-south quarter line and serving as a witness to the South Quarter corner of Section 34. Wabasha County HARN 96 coordinate from Wabasha County Certificate of Location: North=132033.928 and East=443825.066.
