section corner. SW cor 6 Hi Forest 104-14.
SE cor 1 " 104-15.

6-1878 Hunter P348 no 341 SL6 C L Goodrich & others.
found unmarked stake by fence post, tested by 2 B trees
standing pronged corner.
- Meas north 40.03 N 1° 35' E

6-1878 Hunter P350 no 342 SL1 J. L. Pierson
found corner described P348.
- Meas north 40.03
- Meas west 39.35.

6-1885 Hunter P398 no 388 SL1 P. M. Tuttle.
found old stake standing, tested both B trees standing.
-16 west set boulder stone (large) small end up M&L 19.68½.

1979 Remon BK., Pages 59, 73

Page 59 5-17-1979 Set a spike 9' North of the corner post to fence E-W-S.

Page 73 5-30-1979 Removed a pile of boulders to look for corner at double the line and measure of the 1/16th West. We found a large black mark 2½' deep which we believe to have been a post location. On the NE side of the post mark we found the remains of a stake extending 1' deeper into subsoil. The stake had decomposed to wood fragments but by shaving down the side we could see where it had been sharpened to a point. It was about 2" in diameter. We drove a 12" piece of steel fence post in the stake hole and set a CIC on a piece of tetpon on it. We piled many boulders around the monument and built a wall of boulders around the monument.
