1/4 Corner North 1/4 Cor 1 High Forest 104-15

1/4 Cor 1979 Remon BK; Pages 57, 91

Page 57: May 16, 1979 Removed a 2"x7"x12" limestone standing under the E-W fence (found by the C.S. in 1971) and set a CIC on a 2' long square pipe in its place. Set the stone on the North side of the CIC and a small boulder on the South side and set a survey marker sign and post 1' North.

Page 91&92 June 6, 1979 Returned to this corner and moved the CIC .13 South to be on line from the S 1/4 Cor 35 (found) to S. See Cor 35-36. The survey sign is 1' North. The limestone is still on the North side of the CIC but it broke in two. The boulder is on the South side. The survey sign is now 1' North. (cont.)
