#512704 (1)

1/4 corner. 27-34 Elmira 10 S - 11.

6-1872 Hunter p208 no 216 S 27. John Keefe. found flat stone center road said to have been set in mound by J W W Hitlock reset stone under surface in vertical position at same point. course north N 40' E

Govt Notes
Set 1/4 sec post n+L 39.70
made mound, dug pits & trench, & planted
cherry seeds.

7-2-1985, 1/4 Cor 27-34: Dug across road in line with fence North. Digging 4' East and 4' West of the fence line. Found where someone had dug 3' diameter, centered 4.4 East of traverse nail (set in E rd. and line to north) (actual 1.6 N & 4.5 E)

but found nothing further. Dug out ran E-W about 1½' & 2' S of ℄

7-22-85, ¼ Cor 27-34: Dug from 8' to 18½' east of the t.n. across the road to cover line from the old post stub found at the N¼ Cor 27 over the stake found at the Center 27 which came 15' East of the t.n. Found a mark that was possibly Hunter's stone mark. It was rectangular (E-W) and in the center of the road as Hunter described but not definite enough to be positive (and this assumes post stub at N¼ Cor 27 to be Hunter's which is questionable at this time) Mark 1.1 N and 14.1 E. of t.n. LRP } NW 21.83 SW 21.76 At the E end of the hole found a cedar post stub (20" long). On the NE side of the post found the bark shell of a charred post appx 5" diameter and appx 1.2 east found ~~found~~

1/4 Corner 27-34 Elmira 105-11
#512704

7-22-85 cont: a 2½" diameter stake standing. dug about 3'x3' around the post but found nothing further cedar post } SW 27.22 W 25.6 stake } SW 28.47 S W 26.85

8-2-85, 1/4 Cr 27-34: Took eyeball of dig spot and possible stone mark. Dig spot 1.57 North and 4.32 East of the t.n. and possible stone mark is .65 North and 14.17 East.

8-16-85, 1/4 Cr 27-34: Set a CIM over a 5/8" re-rod at location of stake found. Corner 4' North of ℄ E-W road and 19½' East of the fence line North.
