4-1878 Hunter P 337 no 331 S 28 Wm Laird.
1/16 west set temp stake M & L. 19.98 N 89½° E
1/16 north found stake P 208.
as corner found new stake set by side orig stake P208.

Gov't Notes

Set 1/4 sec. post 90 chs.

5" Aspen N 86°W 45 lks (29.7)

5" Aspen S 55½° E 19 lks (12.5')

7-9-85 1/4 Cor. 27-28: Corner comes on rocky sidehill with little soil. Found where old wood fence post had been chiseled down into bedrock under present E-W fence. By one hole we found appx 1' of an old stake (iron age marks) lying flat under a few inches of soil. Could find no Aspen B.T.'s, only Basswood, Oak, and Elm here. Did find 2 Basswoods that would be in right relation to each other and would place corner appx 10' south of point where stake lay. Dug a little at Bolt tie loc. but condition terrible. Fd. nothing. Stake was 109½ West of tin. and under fence. (Stake seems 10'± too far West for T.H. meas to center 27)

1/4 Cor. 27-28 Elmira 105-11 (2)
#512706

7-9-85, 1/16 North: Shot E-W fence line at point on line from Sec. Cor. 21-22-27-28 to stake found under E-W fence at 1/4 Cor 27-28. Found fence to be almost exactly midway. Dug from traverse point as follows:

Fd a black mark in clay that could have been a post mark 4' South of fence and near line (See Drug) Fd nothing further (Dug 2' deep) could yet dig east?

6-4-96 1/4 COR 27-28: Dug at a point that matched 1/4 line from East & Fence line 1/4 line from West. Matching 1/16th Fence NORTH we found a mark of a post dug down 2½ feet through rock. The post mark is 1' south of Line of E-W fence. Drove 5' long CIC/p² to resistance as CORNER. SET post & sign 1' North in fe line The corner falls 30' East of Cattle Panel yard fence running NORTH. Pipe w/cap west 96½'
