1 4/27/78 CIM #522406

1/4 corner 23-24 Orion 105-12
5-1877 Hunter P313 No 307 & 23 A Hazelton
corner gone, nothing definate only settlers guessing.
Meas 40.00 from & E 23 which seemed too far
North by settler but as it was 40.36 north to
NE 23 set corner at 40.00 from south
-1/16 west drove stake 20.03 1/4 M & L (Gov't = N62°W 69 lks)
Field Book 5 p.9 - Witness at this 1/4 cor. N 75°W 69 lks
4-1878 Hunter P336 No 330 & 24-25 Greenlee T Moore.
found stake P313.
1/16 east drove stake 19.83 1/2 M & L N 89 1/2° E.
Gov't notes - Wm Jones Sept. 1853 - set Gr. Post & Stone 24"x11"x3"
BT Brook 6° N62°W 69 lks.

9/21/78 Found a 3" x 7"/14" x 17" limestone (leaning East) on the South side of the stub of an old post which was probably the corner post to the fences N-S-W (Ridge and old wire clearly show fence went West from this point)? A 19" Burr Oak with protrusion facing corner stands N 75° W 69 lks as described by Hunter. Set a ½" x 10" iron at this location.

9/27/78 Set a CIM (cr stamp on E side) packed in limerock over the ½" iron. Set a Survey Marker sign and post 1.5 East. The corner is on the West side of the N-S fence and 23' [redacted] South of the fences West and East.

RP's: Sp. + CSD in E side 12" Bl. Oak 20' West of Fence So. SW 41.3
Sp. + CSD in E. side (up 6') 11" Bl. Oak SW 27.6
Sp + CSD in E. side 3" Cedar NNW 16.59
