found limestone in N-S-fence line

over

M.H.D. 1970

found Stone near old fence line (N-S fence) fence itself was gone - Libbys' plowing the area.

M.H.D. 3-11-60 N. 1/4 7

found 25"x3"x10" Stone pointed end up with steel Pin flush To Stone on South side - No fences in Area Land is being worked all around it - Told Farmer about it They Want To and Will Save it. - North line Sec. 7 I lined up with N.E. Cor Sec. 7 That J. Kerr set & N 1/16 Cor and missed the N 1/4 Cor by 5' South, I think Kerr Pin should move 5' South or 1/16 Cor. Should be moved North.

Card # 2. 1/4 6-7. Pleasant Grove 10 5-13 #530604 (2)

3-13-73. Meas from 1/16 stone east (3-9-73) a white stone almond shaped up 6" (4"x6" ±) on west side of corner post & fences N and south and corner post of former fence running east. ground frozen. finally found! thin limestone 2" x 10" x 20"+ 10" deep. removed stone and set 3/4"x8" iron with old stones by to side and C/M. over iron C/M down at least 16" in field direction ridge which may soon be all one field.

Measured carefully directly north to nail in center Co road. 16. 10 15.7 May find center sec. 6 and set this point on exact 1/4 line and reference. final meas east will be close to 1326 ± and ac 5-6-7-8 now found in error and changed 5' south and 7' west
