Center 27, Pleasant Grove #532709

8-20-1982, Center 27: Computed a Center here using the CIM's at the S 1/4 and W 1/4, the 1/2" rod set in 1972 at the N 1/4, and a pt. at the E 1/4 @ projected East measure from 1/4 Cor 34-35 to Sec. Cor. 22-23-26-27. The point came 16' West and 6' North of the t.n. (set 8 1/2' E. of Fc. N) and on So. bank of North road ditch. Dug from this point 2' East, 2' West, 3' South, and 3' North (just about to the bottom of the ditch) but did not find anything even though conditions not terrible for location point fell.
