1 10-3-73 found rod drove by Williams set nail. (1)
9-22-74 Set C.I.M. over ½" x 3' rod #540705
section corner west 7-18 Hi Forest 105-14
east 12-13 Rock Dell 105-15.
4-1872 Hunter P 194 no 205 L7 T Donnelson, N Olson
T Sullivan etal
found short ½ stake in center of road tested by B tree stumps.
1/16 east set marked stake gen'l meas - R 39.70 A 39.25
so set 1/16 stake at 19.48 then 19.77 to S¼ T. a corner set.
- meas north 39.66 then 39.80 to NW cor T.
12.85+6.8 13.04+6.2
2617.56. 2626.08 Midway would be 2622.18

9-1913 D Williams P 228 B L12 T Hanson, C Bohm
could find no corner - run line from NE 12 to SE 13
set ½" x 2' rod on town line ½ distance 5268 over)
and on direct line. "straight line"

took 24" Cottonwood S 70° 35' W 96.2'
corner came near center roads E & W but 15' east & north.
- Meas west 2640 to assumed point set M & L from assumed SW cor 12 set in center crossroads

6-15-1973 set random nail in inters roads as temp start for search for some kind of corner.
- on line from north it was apparent line of Williams corner would fall east - dug for ¼ corner 12-13 Rock Dell and found nothing but Williams meas of 2640 would bring corner up to .15' east of center intersection 10-3 dug enormous hole road worn to clay 7' deep so Hunters stake gone for sure, found Williams iron 5/8" x 30½" iron with 1" dia. cast piece of iron on top of rod iron bent on top but easily placed in orig location See Card 2

Card # 2 West 7-18 High Forest 105-14. (2)
East 12-13 Rock Dell 105-15. #540705
rod down 4.5' clay down 6' rod came. 4.75 south
and 15.1 east of first traverse nail making first
random electronic meas not too valuable only.
Meas from nail south to nail at W 18-19 5268.03
Nail at W-18-19. .75 west .1 south of stone found.
Nail at W 7-18. 15.1 West 4.75 north of DW iron found.
or 5263.38 williams iron to W18-19 C/M.

6-15-73 Meas. west line 7 from nail at W 7-18
to C/M at W 6-7. adding 4.75 5254.78
RP's (1974) when we set C.I.M.
NAIL P.P. # 7172 N.W. - 68.97
" " # 7173 S.W. - 72.84

OVER.

11-5-73 remeas line on direct line -

Williams iron rises to nail at W¼ T. in line fence over 6.38'
running west. 2623.94. R Hunter 2617.56

– W¼ T nail RPS. 53.25 NW to punch hole Send 12" drive cable
61.53 W to conc nail N side bottom cor P.

#540705 (3)

Section Corner West 7-18 High Forest 105-14
East 12-13 Rock Dell 105-13

Fall, 1982: Found CIM and shot. See Drwg 5-17.

11-4-1982, W 7-18: Dug with backhoe from a point 9' West and 6½' North of the CIM in place, West 4', East 4', and North 8' by 4½' deep to clay. Old road right on clear clay. Found nothing. Digging to cover Hunter's measure from W.6-7 and Hunter measure from the 1/16 East (set up on a projection of the line from the 1/16 East of W6-7 (Fd) over the stake Fd (stake?) @ the center NW 1/4 Sec. 7 (Fd 1970)

11-4-1982, 1/16 North: Dug from a point 1' West of a point set up at Hunter's measure from W6-7 and on line from the CIM at W 1/4 Cor 7 to CIM@ W 7-18 West Fd 6'.

Found nothing. Slight road cut here. Not good condition
Digging assuming the W 1/4 Cor 7 fairly close E-W and
assuming Hunter's N 7-18 was near location we
dug at Otter 11-4-82

The work in the interior of Sec 7 used to reset
1/4 Cor 7-18 says Hunter's corner here should be
approx. 11' N and 10' West

Measure North says 10' North.

The line from the S 1/4 Cor 18 on the post found
at the Center 18 says 17 1/2' West which agrees
with Hunter's call for the center of the road. Then
SE Cor 7 goes 15 1/2' West which should agree
with Hunter's Rock at 1/4 Cor 7-8
