RP's: Old CHD disc in SE side pp #6463
SW 56.74

CS Disc in NE side cut off telphone pole
NW 57.28

9-27-84, Sec. Cr. 5-6-7-8: Dug from CHD iron (removed) for 4' West, 6' East, 3' North, and 3' South, by 5½' deep to sand subsoil. There were old roads 1.5 deep, 2.8 deep (1939 road), 4' deep, and 4.5 deep, the last two covered with sand, the same as the old N-S road here. (cont.)

Found 1939 2"x2" hub in road 2½' deep 1.12 West and .1 North of the 1964 CHD iron. A. Armstrong had dug here for the CHD in 1939, one of the biggist CHD digs I've seen, covering most of our hole (except North and East ends) and even farther West and South. Armstrong had left a chit over a huge boulder (8"x15"x 9"), lying flat, 1.05 North and 3.3 West of the CHD iron and another chit (no stone) 2.75 South and 3.3 West of the CHD iron but he did not take either or comm. Found nothing further.

nail over iron { NW 8.61 / SW 7.48 } 2x2 hub { NW 7.67 / SW 6.56 }

8-29-84, Sec Cr 5-6-7-8: Dug from a point 20' North of the CHD iron location for 7' North, 3' West, and 7' East by 5½' deep to sand subsoil. Condition fair at W. end of hole and good at East end but found

Section Corner 5-6-7-8, Rock Dell 105-15 (3)

8-24-84 continued: nothing. Digging at lost position from E-W Fence at 1/4 Cor 5-6 to Sec. Cor. 17-18-19-20.
