11/3/78 CIC/P²

#553104 (1)

1/4 corner south 1/4 31 Rock Dell 105-15.
6-1875 Hunter P284 no 281 L31 Holland Bros - M'Donough.
found mound in good condition and pits no stake but Hollands
axered stake stood in mound until a few since.
-16 west set stake M & L 20.08 1/2 as govt notes dictate.
-east set stakes 12.98 1/3 then 12.98 1/3 then 13.98 1/3 totals 39.95
-16 north set stake M & L 19.93
-east above 1/16 set stake 12.97 1/2 then 12.97 1/2 then 13.97 1/2
- meas west to NW cor 5 5.36. (353.76')

6-1875 Hunter L6 P285 no 282. Patrick Holland & others.
found corner easily used to reset NW 5 west 5.36
which proved dwlf by ash BT "stump - NW 5 with 10' of
river bank subject to overflow drove stake well down.

over)

6-1898 H Fraser P 633 No 572 & 5 S Eichstaat - J Hagax found stake in center mound under E W fence. - drove new stake & set boulder in place old stake.
- Meas west To N W cor 5 104-15 5.36 (353.76)

9-1853 P. 635 No 573 Fraser in Sec 31
40.00 Set qr Sec. Post built mound with trench per instructions drove charred stake in center & planted Apple Tree Seed in N.W. Corner.
45.40 Creek 25 lks wide runs North

11/3/78 Found a 6"x10"x12" boulder with 4" sq. top down 16" and 10' South of the E-W fence (Fd by doubling the 1/16th North) Set the stake down and set a CIC/P2 over it. (Found no stake) Set a Survey Marker Sign and post .8 NNW. Stone approx. 9.67 So. and .5 E of the t.n. (Reckot or see drawing in field BK)
RPs: Sp & CSD in SE side blazed 16" Ash (most westerly in a group of four) NE 80.90
Sp & CSD in W. side 44" Ash SE 57.22

#553104 (2)

1/4 Corner South 1/4 31 Rock Dell 105-15

11/7/78 1/16th West: Found a 4" diameter stake (top down 1') of at least 3' length dug way down into the subsoil with a 6" x 12" x 14" boulder on the West side. Found a 12" long stake (beneath the boulder) which we removed to the office. We measured to the small stake (see field book) and we set two spikes at the surface over the small stake location. We then set the boulder back. The large stake is .32 East. The corner is in the E-W fence line and is

16' East of the main line of the fence North.
The base of an old post also stands on
the West side of the boulder
