1/4 Corner 1/4 Cor 1-2 Dover 106-11

10-12-94 Set CLC/P2 #610106

10-15 1974 went to corner, mock Fill at Corner (Found nothing) and to locate for measuring only

10-12-94 We Dug From 6' East Of 3 C.P. ~~Fence~~ Fence Int West To Posts. This Is A Fence Intersect 4 Ways That Is Filtered In With 4' Of Top Soil. Clay At The Fence Was 4½' Deep We Found A 6" Diameter Post Mark Running 7" Into Clay. As I Dug Down And Scraped Off Clay The Mark Got Narrower. At The Bottom There Seemed To Be A Small ~~Mark~~ Spot Beside It. There Were 5 Post

- over →

10-12-94 Cont. Locations Here. The Above Mark was the Only One Making It Into Clay. The Next Deepest Stopped @ Clay Line. The Next Three were More Modern + In A Cluster. The Rest Of The Area was Clean Clay. The Hole was 6' E-W + 5½' N-S. Set CIC/P² 6' Long @ Post Mark Location. This Falls In Line Of Fences 4-Ways And Between 2 C.P.'s.
