10-20-83 CIC/pz

#610404

1/4 Corner 4-9 Dover 106-11

Set 1/4 sec corner post mrkd 3994 (26 36.04)
made mound, pits, trench + planted Cherry seeds
→ set in E-W road and in line with new fe N, but 2' W) old C.p on N side rge R)

9-29-83, 1/4 Cor 4-9: Dug from t.m. 4' North, 4' East, 4' West, and 1½' South. Black dirt down 4½' but very mixed as area was water-way from NW to SE. Found pocket (appx 1½' diam.) of broken glass and bit of iron down 3½ and extending to and into the black dirt. After scraping away the glass, etc, found a round black mark in clay that may have been a post location but no wood remaining

Center of glass 1.0 E and .2 N of the t.n. and
poss. port mark 1.3 E and .7 S of the t.n.
Water kept running in the hole from the
North side so we had to fill the hole
from the North side so we had to fill
the hole without digging further North.
10-4-83, 1/4 Cor 4-9: Dug 6 more feet off the So- edge
of the hole dug 9-29-83. Found nothing further
10-20-83, 1/4 Cor 4-9: Set long telspar as corner with
Cast Iron Cap at location of port mark found
9-29-83. Corner in ℄ E-W road and in
line with old C.P. on North side of road and
2' East of new fence running North. Corner .86 S
and 1.37 E. of t.n.
KP: C>O in ⌀ hole 14 NNW 37.77
Corner variably stubbed in from N and W and port mark
