-1/16 north set stake N & L 19.91 1/2 line west.
-1/16 east set stake N & L 19.94 line E & N.

Co. H.D 1935
Notes say that Center Sec found and used

10-8-1979 Dug here from the traverse nail East and North and found a soft spot and small piece of stone which was a possible post or stake location 3.0 East and .4 North of tin.

10-9-1979 We dug from the t.n (set 2½' N. of the I-90 R/W fence East 11' and South for 6'. We found the remaining 9" of a stake or very small post (less than 3" diameter) standing right top down 1'. We could not find whether it had be sharpened although the top was very rotten. It had not been dug in. The stake was 10.6 East and .4 South of the t.n. We set the stake back (down ½') with a spike driven in the top and set a small boulder on the East side. The stake is 2.1 N of the N. I-90 R/W fence.

10-8-1979 1/16th West: Dug from the t.n. set over a post found and in line with old ridge West, North 5½', South 1½', East 1½', and West 1½', by 1' to clay. Found nothing

1/4 Corner Center 27 Dover 106-11

10-9-1979 1/16th East: Dug from the base of a post stub found 10-8-79 West 3', North 3', and South 3'. Found nothing. This digging on the West side of the N-S fence. The post stub found on ~~the~~ the 10-8-79 was on the South side of a newer large post in the N-S fence previously dug on the East side of the fence.

10-18-1979 1/16th East: Dug some more on the East side of the fence from the post stub found, East for 3' and North for 3'. Found nothing
