Section Corner South 34-35 Dover 106-11
North 2-3 Elmira 105-11

9-5-75 Dug 11' deep with backhoe but still in fill. Gave Up! Dug at T.F's measure and line from S and E. Point came on N edge of E-W road.

11-8-1979 Set a CIM on a ½" x 19" rod on the line and at prorated Govt measure from N. Sec. Cr 3-4 to the N ¼ Cr 2 as per Thomas Fraser Survey No 446. This corner is 2' East of the ℄ of the road South and 9½' North of the center of the E-W road and 1½' South of

the guard rail on the North side of the road. We tried to dig here in 1975 but it was too deep.

RP's:

Punch hole in top West end 18" C.M.P. in road South SW 51.21

CSD in East side pole stub with telephone box (up 5') SSE 104.38
