Meas north to ¼ 25-26 5268.8

COV NOTES-1853 - J BALL
SET ¼ SECTION CORNER post M&L 40 lks 2640'
11" BURR OAK N 75 W 347 LKS 229'

8-18-1980 ¼ Cor 35-36: Dug at traverse nail 2½' N., 4' South, 2' East, and 2½' West by 2'+ deep, but could not dig NW¼ because a huge boulder had been pushed in here. We were searching for the base of the corner post described by A. Armstrong. There was a post

lying by the fence here. We could not find where it had stood. It may have stood under the large boulder as there was already some old wire running under the stone. Found nothing further. Set a CIC/4'ϕ² .15 South of the t.n. to be at A. Armstrongs measure from Sec. Cor. 25-26-35-36 The corner is under the N-S fence. Set a survey marker sign and post 1.05 East.

- Spike & CSD in West side large Twin Burr Oak in fence North NNW 16.24

We removed many boulders of all size as we dug here.
