#620604

8-24-73 dug entire road corner gone.

6-16-87 Set CIM over ½" pipe, corner 4' S of E-W RD ¼, 2' E. of fence running North

¼ corner 6-17 E yoke 106-12.

Robert J Perry
Deputy Co. Surveyor

5-1871 Hunter P184 No 195 & 6 H & J Elliot found stake standing in mound with pits plain -1/10 west set temp stake for line north on line and 19.96 then 18.49 to sec stone. 38.45 total 8 links short of recorded govt meas. 2537.7.

5-1883 Hunter P382 no 373 & 7 H Morse etal. road in grade, corner gone. used old fence line north - meas west to sec stone 38.45 P184. 2537.7

Field bk 14 pg. 2 Sec. 7

Over

8- 24-73 dug in line fence north and 5' wide in center road. - no corner recorded and if there was it wouldn't have been there unless 4' long to start with. Clay down 24" to 30" and road & slaglot old glass insulator light on clay land slight slope up toward east but don't believe road traffic destroyed road bed that much as there was no road. in 5-1871. Corner completely lost

No section corner east, also lost, ~~section corner west as of 8-24-73 believed in error.~~ 1/16 fence west surveyed now non existant, running north in 5-1871.

Set by William Jones 9-1853
East on true line.
38.53 Set post at qr sec corner deposited handful of charcoal made mound trench & pits, planted cherry seeds N, S, E & W

1/4 Corner 6-7 Egota 106-12

8-10-81 1/4 Cor. 6-7: Dug from our traverse nail set in the center of the E-W road and in line with the fence north. (This was also the 5 1/4 edge of the previous 1973 diggings) 4'+ East, 4'+ West, and 9' South by 2 1/2' deep to clay. The old road here was right on clay. We did not find anything. We were digging to cover the line of the fence North, line from the N 1/4 Cor 6 over the stone found at the Center 6, and also double the measure from the Center 6 over the fence West at the 1/16 South.

8-10-81, 1/16 West: Dug from a point 3' West of the traverse nail set in the center of the E-W road and in line with possible old fence ridge running North for 8' West and 7½' South by 3½' to clay. Condition were good but found nothing. We were digging to cover Hunter's measure (and also 2' overrun/1/4 mile) from both the fence line North at 1/4 Cor 6-7 and also the line from N1/4 Cor 6 over the stone found at the Center 6. Centered over line from the CIM at SW6 and the center of the road at 1/4 Cor 6-7 (line fell appx. 3' South of the nail here). Dug Southerly to allow for either SW6 or 1/4 Cor 6-7 being futher South!

1/4 CORNER 6-7 EYOTA 106-12 #620604 (3)

6/16/87 set C.I.M. over ½" pipe. corner 4' South of ℄ E-W road and 2' East of fence running North. set by on line N 1/4 corner over center stone fd and double calc. center over fence @ 1/16 South
