#622909

1

1/4 corner Center 29 Eyota 106-12.
11-18 56 Hunter P17 R28 S29
used all 1/4 corner to set center
Meas west 39.92 - east 39.46 S 89½ W.
Meas North 39.75 - south 39.79 N 55' W.

6-30-78 Tried to dig at computed center but too wet. Slug farther South and found a fence junction with wire running East and South. Found a 2x2 hub on the South side of the junction and a flat concrete disc (looked like the bottom of a tablet piece) on the East side.

The hub was approx 3' West and 4½' North of the t.p.

RP's & to hub: & E-W fence S 2.1 ?
Post ESE 3.15

R.P's to Disc: E-W fence S 2.0 ?
post ESE 2.0

which is right? may be both!
