7-18-73 found likely stake bottom in sandy soft sub soils. set 2 x 2 hub & tack.
#623209

1/4 corner center 32 Eyota 106-12.

No known records.

7-18-73 found (11 foot offset) lath set south of true E-W 1/4 line ran from stone and CIM at 1/4 31-32 and iron set N & L at 1/4 32-33.

removed entire road with Wheaton Cat and found small wood going down into soft sandy fine sub soil this stake came 10.25 from 11' offset and about 1' ± east of fences N & S accepted as corner at least

until proven otherwise. S 1/4 set N & L and don't match anything of any fences in area N or S.
N 1/4 no record in abandoned road and never set but meas by J Kerr in 1930's
set 2 x 2 wood hub and tack as corner.
- set 1/2" x 20"± iron 70' north on E side fence row 1'+ and 120 @ 70' south 1'+ E of fence running S on transit line road being graded.
