10-30-1963 set C/M over limestone found and 2" pipe

#633506 (1)

¼ Corner 34-35 Marion 106-13.

W Brackenridge Stillwell.

6-1876 Hunter P297 No 292 L34

Searched and dug extensively in road for corner stone, Mr Campion claims Mr Phelps, a surveyor and old settler very likely had his fence on south side of road at 2 rods. abandoned search and used temp point for line west. Later Mr Phelps swore that corner really only north of south road fence one rod or slightly more, and that there was an accurately located stone in place for many years

over

4- 1929 JKer B1 P26 Schott survey of several sections
dug massive hole found limestone with top down 3.5'
at 2640' from NW corner 35 as set this survey.
- set long limestone on top, this stone 12' west of
