1/4 Corner	South 1/4 33	Rochester	106-14
	North 1/4 4	High Point	105-14

1/16th North 10/26/78: Dug  by 5' deep

dug 9/17/81

Found a huge boulder with possible stake on the East side about 2' North of fence East, but not much deep enough to be Hunter's corner. Found nothing further. Many boulders in this hole & Stone 1.8 N and 1.5' East of the t.n

S 1/4 33 10/26/78 Dug on the N. and S. sides of the CIM to verify the corner Found the CIM

over a pipe in clean subsoil. The only boulder around was about 1' in diameter and was about 1' South of the monument. Dug 6' North, 4½' W, and 3' East and one backhoe bucket width on the South side of the monument

Diggings:  cim. Found nothing further

1/16th West 10/27/78 Dug from a point M+L between the CIMs, for 5' North, 2' South, 3½' East, by 5' deep. Found a possible corner mark (no wood) in subsoil at the M+L location. Found nothing further. The midway point came 5½' West of the fence North.

VOID

9-30-81 S¼ Cor 33: Dug NE¼ of CIM to cover area not dugs before. Found boulder stone described by

Hunter, a stone 7x10 at bottom coming to wedge shaped pointed to 8" across with wood pieces all around. Stone down 2'. Removed stone and found stake mark beneath. Drove 1/2" x 18" rod in mark and set boulder on North side. Stone 4.6 North and ~~East~~ 4.23 East of CIM

9-30-1981 1/16 West: Dug again after finding 5 1/4 Cor 33. Found a 9" x 9" x 21" pointed boulder 3' deep and tilted slightly East. Removed stone and found it had been dug well down. Tied out mark and set stone back. Corner 3.05 S and 3.35 W. of t.n. set in line with fence North and on line from CIM at SW 33 to stone found at 5 1/4 Cor 33.
