GOV NOTES 1855 Wm A JONES
SET 1/4 SECTION CORNER POST 40 ch. NORTH OF 5-6 7 8
ENTIRE N-S MILE 80.29 5299.14 NORTH 1/2 MILE 2644
CORNER IN VERY high, VERY FLAT LEVEL PLATEAU IN PRIVATE
ROAD RUNNING N & S
FARM BOUNDARY LINES EAST AND WEST, COMMON LINE NORTH.

11-29-79 We dug with the backhoe in the center of the N-S road and in line with the fence E & W We found a ragged rust colored boulder 2.2' deep that had been dug in. Set 3/4" (bent) iron on the East and West side of the stone and set a CIM over the stone. The corner is 1.2 West and .45 So of the t.n. location. This corner is 1½' W & 1' South

of the fence East and in line with the fence West. We dug from the stone East 4' and North 4' but did not dig all this area to clay. The frost being 8" deep in the road prevented us from digging very much at the time.
