6-11-74 Set 6 I.M. over ½"x18" iron - No new R.P.'s

section corner West 6-7 Quincy 107-11

East side 2 ½ N #T1005

East 1-12 Viola 107-12

8-16-72 found 2 limestones with long stake hole between - set plow share where stake was.

(over card for records found)

dug deep with Wheelon D7 Cat found stones over 3' deep in center road slightly south of fence west drove plow share point up as true corner level with top of stones. Ran line direct to township corner and found ¼ stone came .62' east of direct line

over RPs

124.75 NNW to PK on E side PP# 32957.

34.8 slightly N of W to center 2" steel corrugate P.

84.4 " " to pepsi cap and 16D nail in top 4" brass line post.

put bottle with date on note beside stone.

6-1902 Robt Fraser old field book 10 page 42 Sec 1 07-12 at "S" found stone on line of fence west and a little over 2 rods from line of trees on west side of road & north side of lane. This Mr Crane said was correct. The stone was down on top by wagon wheels. Drove an oak stake and put another stone - info better late than not at all.

Gov't notes: Sept 1853 - ~~Set Gov't Corner~~ Post & drove charred Stake
