~~¼ corner~~ recopy of corner ever set
~~18 19 Haverhill 107-13.~~

No further records - McGhie set rod in dug cattle drive in line fence north east & west. this cattle drive cut deep by using pasture lands in SW¼ 18 and NE¼ 19 which always causes corners to be gone. as 9-10-15-16-107-13.

J Kerr run from C/M SW cor 18 east 11-1963 B89 Pl.
~~set iron rod~~ (McGhie rod) at 2549.95 honoring McGhee corner until otherwise proven wrong as to line. McGhie ~~rod~~ (McG's) 2558.5
a - west set iron at 1151.5 from SW cor 18 also rod at 1776.0 from SW 18. ~~- could not find McGhee rod~~ - claimed at 2558.5
5/8" rod set in cattle drive as corner in wet, sticky ground near shell rock
several other irons West and North on line)

Gov't Notes W.B. Yorby 1853 West Bonton 1849 (2)

Bur Oak 10 in N 80 E 272 lks
Black Oak 12 in S 75 E 275 lks

5-15-1984, 1/4 Cor 18-19: Found Kerr 1/2" re-rod and 1"x2" hub down 4" appx 1' South and 7' East of the corner post to fence E-W-S. The corner falls in old cattle trail running NW-SE. Dug around the iron. Found nails, wire, glass, but did not find an old post. Very little up soil and in cut from cattle trail.
5-17-84 Could not dig further around iron since big rain filled hole with water and soaked

cattle trail which already was a box. Dug a hole from 12' to 17' East of Iron rod and 2' North and 2' South of the E-W fence to cover line from the stake found at the 1/16 North of the Center 18 (19__) over the Center 18. Did not find anything. Replaced Iron rod with a "CIC/P" and put survey marker sign and post 1.1 North.
