1 5-15-69 set CI Mon ½" rod horsehole glass intera ① sec & ¼ line

#73406

¼ Corner 23-24 Haverhill 107-13

7-1874 Hunter P258 No 258 & 24-25 Havrh. 19-30 Viola Johnsonino

found common corner to fences, east and west each having own corner post, also remains of fence north running from 2 posts

- accepted spot between posts as corner set nothing no mear from corner. No road at the time

---

4-1900 Robt Fraser P663 no 590 & 23 McIntyre.

Field Book 15 P 41-42

Corner now in road - dug extensively found 2 small boulders on top each other - about 2 rods from old fence on east side of road running N & S - over -

also lines with fence running east
used corner only to set center 23 at intersection.

---

9-1968 J Kerr dug 20' long over half of road deepest back hoe found nothing but muck - not a pebble.
made terrible mud hole in fall rains etc. set nothing.
- found center 23 run aerial from W 1/4 23 over center 23 at 30' offset north, direct line. plunged line E to 1/16 fence notch at same offset. set point under fence. as this would be last drove nail in corner post of fence south which is 28.87 from said 30' (E) farm all high corn. Corner must be set where this 1/4 line intersect section line between 23 & 24 such as it is.

---

6-15-69. run N-S sec line - finish E-W 1/4 line set C I N. over 6" x 2' rod & horseshoe at intersection lines; lines with many fence west. -2' W of road - .:. N end field calc ESE 12" calc 30.11 — .:. N end 24" field calc WSW 22.43 — dist NE calc PP #19370 NNW 74.8
