Not satisfied with corner as set dug massive hole to deep water from corner beyond fence running south. found limerock fill and very wet black soil below. no stones in dark soil.
11-21-72 rand line from ¼ 4-9 north on 35' offset shifting at center ℄ point to 45' offset east. line fell 32.63 east ℄ C/M on meds ℄ 715.07 north ℄ center RR at point where random crosses rails.
11-24-72 found N ¼ 4 L stone in equally deep hole, wet. 6.17 west ℄ C/M or. 38.8 west ℄ random. Comp distance random at 683 even to be 39.6 ℄ which would be 31.81 north ℄ tracks at random to point opposite where ¼ line crosses tracks at

51°14' angle in random. Rec 683.26 ℄ to stone on ¼ line ±.
R. 683.43 or .50.8 N.W'ly along ℄ tracks to N-S ¼ line
believed to be very near line of fence south at that point
- stone found in N-S position long part of stone. 4" chuck
near point to 12" wide ± at bottom at least 16" long
not a boulder. corner proved itself by above meas.
- remove old C/M and points below. set several cans
of old lead by stone with 3' long ¼" pipe over stone & C/M
in top. took new set of RP's. Center $ 338.03E of direct line old RP's
