Co HD Meas. North 2617.5 South 2626.5

4-2-1973. found flat vertical limestone 3x7x10 on west side of post of 4 way fences with longer width of stone E & W indicating it had not been set to stabalize setting and holding of corner post. Not considered large.

Note - on finding section corner north 26-27-34-35 on 8-29-1968 it was apparent by County RPs that they did not have recorded corner found. Co RPs Pine NE 58.4 Oak SE 99.2
True RPs " 46.65 " 92.7
so measurement north would stand investigating.

Electronic meas. south to C/N as S 34-35 set by Co HD who extensively searched for corner in 1930s without success. 2622.31. Could be in 1937 County did not use only centerline. no corner.
