80.00 Set post for corner to section 11-12-13-14
Erected mound with trench, pits, charcoal
Stake & Ogee Orange scribe on each
angle

12-4-1981 Dug from Corner post South 5½' West 1.8'
and East 1.5' by 2' deep to clay. The C.I.M. by Kerr
is on the north side of the newest C.P. The oldest
looking post stands on the east side of this post and
leans Southeasterly. The next oldest looking post stands
on the west side of the newest post and leans
Southwesterly. on the South side of this post and
down ± 1½' we found a 3" thick piece of limestone
Standing, which had been dug in but
Since it was not a very large stone (over) Stone →

and we found no stake we could not determine if it wasthe corner stone or a stone dropped in when the post was set. The stone stands .7' West and .5' South of the C.I.M.
