10-12-71 Co surv. found recorded stone at 1/4 26-35
- meas N to point for Δ 1431.5. (19.26 E to hard nail in 4" oak.
- cont by Δ to 2621.93 R 2635.4
- after finding 1/4 26-27 stone and 1/16 last line fell about 11.46 N or about 2633.9 this point finally set by M'Ghie

Tom Ferguson nothing final or referenced. He says could re-meas this line. If 1/4 26-27 and pipe at 1/4 25-26 are lined direct. 1/16 corner could go .32 N ± to be on direct line. Center not final now only small cone nail - several in same area. No final meas west R 1324.3 M&L.

Dec 1973 Co. surv. set R.R. spike on E-W 1/4 line and doubling 1/16th Cor. from west which nearly matches 1/4 line North after finding No 1/4 Cor 26 (See Page 220&221 in Field book).
