over.

10-1971. walked to corner area with Farmer. Bruce. on squirrel hunt. probed entire area of N-S-E fences found nothing positive as area of fence each could be any where. Maybe aerial from N & S 1/4 corners as now set may help but neither likely same as Compton corner. Ch Larson corner date & no value. Corner could be there if not in open fields W & SE. Origin NE - found iron stake west claimed by Farmer. as set by surveyor. likely Ch Armstrong. No W 1/4 corner known. of sec 28.
